

Q2. Whether the school provides holistic / balanced education that helps students for Personality Development?

Yes, Olivia Enlightened English School provides a holistic and balanced education that supports students' personality and skill development. The curriculum is structured in a way to integrate academic learning with co-curricular activities, such as sports, arts, leadership programs and life skills. Additionally, Olivia also offers personal development programs, including counselling services and workshops on social skills, which help students build confidence and develop their communication and leadership qualities. The comprehensive approach ensures that students develop not only academically but also personally, preparing them to face the 21st century challenges.
