

Q. Whether the school provides an organized and transparent school system for better day-to-day experience for students and parents & collaborates with parents for ensuring accountability for effective learning?

Ans : Parents receive timely feedbacks about the student through Monthly Interaction Days.

Subject wise exhibitions are organized for parents to collaborate with school for ensuring accountability of effective learning.

Students progress in academics and co-scholastic areas are conveyed on interaction days.

ERP System

At Priyadarshani Schools, we have fully embraced these advancements through the implementation of the MICM School ERP system. This comprehensive solution streamlines administrative processes such as admissions, fee collection, scheduling, and communication with parents and students, significantly reducing manual effort and errors. Its integrated communication tools and Learning Management System (LMS) facilitate online learning, assignment submissions, and grading, ensuring a seamless educational experience.

Additionally, mobile access allows students, teachers, and parents to access vital information and functionalities on the go.
