

7. Whether the school has a Feedback System to address Students and Parents issues?

Ans. We have a Parents feedback form as well as suggestion box to address Students and parents issues. We have a PRO appointed to address the issues and provide timely help to the students and parents. We also of best ERP system through which all messages, home work, event reports, assessment report is shared with parents. School has its instagram, facebook, accounts on which school regularly post reports on school events, competition , awards to keep parents updated.

ERP System

At Priyadarshani Schools, we have fully embraced these advancements through the implementation of the MICM School ERP system. This comprehensive solution streamlines administrative processes such as admissions, fee collection, scheduling, and communication with parents and students, significantly reducing manual effort and errors. Its integrated communication tools and Learning Management System (LMS) facilitate online learning, assignment submissions, and grading, ensuring a seamless educational experience.

Additionally, mobile access allows students, teachers, and parents to access vital information and functionalities on the go.
