

24th March 2021

Mrs Seema Menon
(Mother of Anika Menon; RIS Malad (ICSE))

As rightly said by the Ryan group of Institutions, learning never stops for Ryanites. “Ryan International School Malad (ICSE)” embraced e learning efficiently and my child quickly adapted to the online module without any difficulty all thanks to the able guidance of the headmistress and the untiring efforts of all the teachers.

With the introduction of Ryan OS, my child could check and track the online class schedule easily by herself. During these challenging times when everything seemed to be at a standstill, RIS conducted exams, school level and later the Zonal level competitions very effectively and the students participated with great enthusiasm. I am immensely grateful to the headmistress and all the teachers for ensuring that learning continued even in such trying times.
