We boast state-of-the-art laboratories for Chemistry, Physics, Biology, SST and Mathematics, all of which meet international benchmarks. These well-equipped spaces facilitate hands-on learning and experimental exploration, ensuring a comprehensive understanding of these critical subjects.

Additionally, our two computer labs, including a composite lab, are equipped with cutting-edge technology to enhance digital literacy and proficiency among students.

The inclusion of audio-visual rooms, along with language labs, underscores our dedication to immersive and interactive learning experiences. These resources are tailored to cater to different learning styles and preferences.

Furthermore, our expansive and verdant playground provides ample space for various sporting activities including football, cricket, basketball, handball, and volleyball. We also offer indoor sports facilities for badminton, taekwondo, karate, table tennis, and even rifle shooting, ensuring a well-rounded approach to physical development.

Our commitment to the arts is reflected in our three well equipped music rooms and three dance rooms, providing students with a nurturing environment for artistic expression and skill development.

Each classroom at DDPS is equipped with smart boards, allowing for dynamic and engaging lessons, which is in line with international best practices for modern education.

To foster personal interests and skills, we offer a range of student clubs such as the Eco Club, Wellness Club, Sports Club, Cultural Club, Linguistic Club, and more. These clubs encourage extra-curricular involvement and further development in areas that align with students' passions.

Inter-house activities are regularly organized, promoting teamwork, healthy competition, and a sense of belonging within the school community.

Lastly, our well-equipped media room and dedicated team for handling the school's social media accounts showcase our commitment to effective communication and transparency with parents and the wider community.

The school is equipped with a designated HAPPINESS ZONE where students can seek guidance and support from our COUNSELLOR & SPECIAL EDUCATOR.

Additionally, we have a fully-equipped medical room staffed with dedicated medical personnel available round-the-clock to provide immediate first aid.

Our institution holds an affiliation with CAIE, enabling us to facilitate HYBRID CLASSES, combining both offline and online modes of learning.

We place a special emphasis on fostering SKILL development and offer a range of VOCATIONAL subjects. Students from classes 9th to 12th have the option to choose from subjects like HPE (Health & Physical Education), DANCE, and MUSIC.

Furthermore, we conduct a mandatory 14-hour workshop focused on Data Science and basic AI to equip students with valuable tech skills. In collaboration with CODE E- VIDYA, we also offer coding classes to further enhance their proficiency in programming.

At DDPS, we are dedicated to providing an education that not only meets but exceeds national and international standards, ensuring that our students receive a well-rounded, world-class learning experience.
