Parameters	Details
Teaching Strategies	Involvement of students in answers. Students were asked questions & different points were discussed on the basis of their answers.
Activity Details if any	—
Content taught as per plan	Discussion of workbook (Civics ch-3) was undertaken as per lesson plan.
Systematic approach & Language used	Answers were extracted from students. Some points missed by students were added by teacher & language used was English for explanation.
Engagement of students	Students were answering back & involved in jotting down the key points.
Time & Classroom Management	Classroom time was effectively used in the completion of workbook. Students were involved in writing side by side.

Areas that need improvement:

More involvement of weak students was required. Questions could be simplified for them for better interpretation of the question.
